

Discover the Power of Incorta with IncortaOne

What is IncortaOne?

IncortaOne is a free version of Incorta's operational lakehouse, providing a powerful and flexible data management solution. This offering is available exclusively through certified partners. By partnering with PMSquare, you gain access to this innovative platform, enabling you to leverage its robust capabilities without upfront costs. PMSquare's expertise ensures that you can fully utilize IncortaOne to enhance your data strategy, drive operational efficiency, and achieve superior business outcomes.

How to Leverage IncortaOne:

1. Beginning Your Data Analytics Journey

Full Analytics Stack for Emerging Companies: For companies just starting their data journey, we offer a free, comprehensive analytics platform. This enables you to explore and implement the right solutions without the up front investment, setting the foundation for future growth and the potential to expand your Incorta footprint as your needs evolve.

2. Flexible Trial Environment

No Risk, No Commitment: With PMSquare, you can access a fully licensed environment with no licensing fees and no time constraints, allowing you to explore the benefits of Incorta at your own pace.

Proof of Value: Struggling with your existing data stack or not seeing ROI from your reporting tools? PMSquare can guide you through a POV engagement to show how IncortaOne can save you time and money while addressing those issues.

3. PMSquare Expertise

Guidance and Advisory Services: Our team provides unparalleled guidance and advisory services, helping you to maximize the value of your Incorta environment. Our Incorta experts work closely with you to tailor solutions that meet your unique business needs.

Key Benefits:

Expert Consultation: Leverage our deep expertise to optimize your Incorta implementation

Tailored Solutions: Customized strategies to fit your business requirements and goals

Ongoing Support: Continuous advisory and support to ensure your success
